Overview

Tech Specs

Highlights

System compatibility: *Compatible with Latitude D-Series and Inspiron 500m, 510m, 600m, 8500, 8600*

Why buy?

- 1. More Comfortable Workspace** – Use your notebook like a desktop system! Plug a keyboard, mouse and monitor to the port replicators and use your notebook like a desktop!
- 2. Simplify connectivity** – No more scrambling around your notebook looking for ports. Use a single interface to connect to your printer, monitor or other peripheral devices.
- 3. Ease of mobility** - No need to unplug and re-plug multiple peripherals to access your printer or other devices. If you are using your notebook as a desktop, simply unplug your system from the port replicator and your system becomes portable again!

Maximize your workspace while expanding your desktop with the Dell™ D/Port Port Replicator. The D/Port provides convenient cable management and alleviates the need to reconnect peripherals each time you return to your desk. One simple connection provides access to multiple expansion ports — VGA, DVI, S-Video, Parallel, Serial, PS/2 (x2), Headphone, S/PDIF, USB 2.0 (x4), RJ-11, RJ-45 and D/Bay connector for utilizing external D-Family media modules. In addition, you get workspace flexibility and viewing expandability with D/Port flat panel and dual-display support. This product has been tested and validated on Dell™ systems to ensure it
